SCC Communications Corp.	:	
	:	
Application for a Certificate of	:	00-0606
Authority to Provide	:	
Telecommunications Services in	:	
the State of Illinois.	:	

ORDER

By the Commission:

On September 14, 2000, SCC Communications Corp., (the "Applicant") filed a Verified Application with the Illinois Commerce Commission (the "Commission") for Certificates of Service Authority to provide local and interexchange authority to operate as a facilities-based carrier in the State of Illinois pursuant to Sections 13-403 and 13-405 of the Public Utilities Act, (the "Act") 220 ILCS 5/1-101 et seq. The Hearing Examiner granted the Applicant's motion to add a request for authority under Section 13-404 and Staff had no objection to this motion.

With regard to providing interexchange services, Applicant requests waivers of 83 Ill. Admin. Code Sections 710 and 735. With regard to providing local exchange services, Applicant requests a waiver of Section 710 and a variance of 735.180. The applicant additionally seeks permission to keep its books and records at its principal place of business in Boulder, Colorado, instead of Illinois, pursuant to 83 Ill. Admin. Code Section 250.

Pursuant to notice given in accordance with the law and the rules and regulations of the Commission, this matter came on for a hearing before a duly authorized Hearing Examiner of the Commission at its offices in Chicago, Illinois on October 19, 2000. At the conclusion of the hearing, the record was marked "Heard and Taken."

The Applicant was represented by counsel and it appeared by its Director of Regulatory compliance, Mr. Gary Klug. Ms. Alcinda Jackson, of the Consumer Services Division, and Ms. Karen Buckley, of the Telecommunications Department of the Public Utilities Division, appeared on behalf of the Staff. Mr. Klug testified that the Applicant is a Delaware corporation, with its principal place of business in Boulder, Colorado, that is authorized to transact business in Illinois.

Klug explained that the Applicant does not provide long-distance or local exchange services. Instead, it provides 9-1-1 data management services to Incumbent Local Exchange Carriers, Competitive Local Exchange Carriers, integrated communications carriers and wireless carriers in the United States. It augments existing 9-1-1 infrastructures to adapt to and accommodate sophisticated devices and technologies. Klug further explained that, in order to aggregate and transport emergency calls, the Applicant requires the same sort of interconnection and collocation afforded to certified Competitive Local Exchange Carriers. The Applicant requests the Certificates so that it may enjoy the same rights of interconnection, collocation and access to unbundled network elements as those of by certified Competitive Local Exchange Carriers.

Klug's testimony also indicates that the Applicant has the requisite managerial, technical and financial resources. Klug's testimony established that the Applicant's management team and technical staff have extensive training and experience in the telecommunications field. Klug also sponsored as an Exhibit the Applicant's financial statements, which demonstrate that Applicant has the financial qualifications to provide telecommunications services in Illinois.

The Applicant has indicated that it will abide by all federal and state "slamming" and "cramming" laws. (Section 258 of the Telecommunications Act of 1996 and Section 13-902 of the Public Utilities Act). Applicant has also indicated that it will have procedures in place to prevent "slamming" and "cramming" prior to the commencement of business in Illinois.

Staff stated that it had reviewed the application and supporting documentation and it had no objection to the Commission grant of the authority requested in this proceeding.

Klug's testimony established that the Applicant would participate in UTAC and ITAC membership and collect dial tone. Mr. Klug explained that, since the Applicant is not offering voice services, Sections 13-301, 13-301.1 and 13-703 of the Public Utilities Act relating to Life Line and TT services are inapplicable to the Applicant at this time. Also, compliance with 83 Ill Admin. Code Section 755, regarding access for persons with disabilities; Part 756, regarding relay services; 757, governing telephone assistance programs; and finally, Section 770, regarding operator service would be inapplicable to the Applicant's service offerings. Also, since will not technically support a 911 emergency service, the rules concerning such service would be inapplicable as well. If the applicant decided to provide voice-grade service, it would petition the Commission for such and authority and would be subject to rules related to providing local exchange and interexchange service on a local or resold basis.

The applicant seeks waivers from 83 Ill Admin. Code Sections 710 and 735, with regard to providing services on an interexchange basis, and Sections 710 and 735.180, with regard to providing services on a local basis. Section 710 is entitled "Uniform

System of Accounts for Telecommunications Carriers" and Section 735 is entitled "Procedures Governing the Establishment of Credit, Billing Deposits, Termination of Service and Issuance of Telephone Directories for Local Exchange Telecommunications Carriers in the State of Illinois." Section 735.180 concerns the provisioning of telephone directories by local exchange carriers.

Regarding Section 710 and provisioning services on interexchange and local bases, the Applicant indicates that strict compliance with the Uniform System of Accounts would be burdensome and a costly hardship. The Applicant commits to maintain all accounting records in accordance with Generally Accepted Accounting Principles ("GAAP"). Absent a waiver, the Applicant indicates that it would have to create and maintain two sets of records, one under the Uniform System of Accounts and the other under GAAP.

A waiver of Section 735 should be granted in the context of interexchange services, since the rules contained therein are not applicable to interexchange services.

As for a waiver of Section 735.180 in the context of providing services on a local basis, Section 735.50 states that a permanent variance from this Section may be granted where the Commission finds that the provision from which the variance is granted is not statutorily mandated, no party will be injured by the granting of the variance, and the rule from which the variance is granted would be unreasonable or unnecessarily burdensome, if applied.

The Applicant additionally seeks permission to keep its books and records at its principal place of business in Boulder, Colorado, rather than Illinois, pursuant to 83 Ill. Admin. Code Section 250, which governs maintaining books and records in Illinois. The Applicant's request should be granted, in accordance with Section 5-106 of the Act.

the Commission, having reviewed the entire record and being fully advised in the premises, is of the opinion and finds that:

- (1) the Commission has jurisdiction over the Applicant and the subject-matter herein;
- (2) Applicant, SCC Communications Corp., a Delaware corporation that is authorized to transact business in Illinois, is seeking to obtain a certificate of service authority pursuant to Sections 13-403, 13-404 and 13-405 of the Act in order to provide resold and facilities-based local exchange and interexchange services throughout the State of Illinois, and thereby seeks to become a "telecommunications carrier" within the meaning of Section 13-202 of the Act;
- (3) the recitals of fact and conclusions stated in the above portions of this Order are supported by the record and are hereby adopted as findings of fact;

after provide
insert traditional
amendatory ord.

- (4) as is required by Sections 13-403, 13-404 and 13-405 of the Act, the Applicant possesses sufficient technical, financial and managerial resources and abilities to provide resold and facilities-based local exchange and interexchange telecommunications services within the State of Illinois;
- (5) the provision of such services by the Applicant pursuant to this request for a certificate of service authority will not impact adversely on the prices, financial viability or network design of the incumbent local exchange carriers;
Delete voice and insert dial tone
- (6) because the Applicant will be not be offering voice services, the following Commission rules are deemed inapplicable to it at this time: 755; 756; 757; and those related to 911 emergency service, such as Section 720. Likewise, Section 13-301, 13-301.1 and 13-703 of the Act are also inapplicable;
- (7) the rules and statutes deemed inapplicable in finding (6) above are found to be so only with the understanding that, should the Applicant decide to offer voice services, it will petition the Commission for authority to provide for those services and comply with all statutes, rules and regulations regarding the provision of such services, including, but not limited to, those enumerated in finding (6) herein;
- (8) with regard to the provisioning of services on both local exchange and interexchange bases, the Applicant is granted a waiver of 83 Ill. Admin. Code Section 710, governing the Uniform System of Accounts for telecommunications carriers, provided that Applicant continues to maintain its accounting records in accordance with Generally Accepted Accounting Principles in a level of detail similar to the accounting system it currently uses and in sufficient detail to comply with all applicable tax laws;
- (9) with regard to providing telecommunications on an interexchange basis, the Applicant is granted a waiver of 83 Ill. Admin. Code Section 735, since the rules contained therein are not applicable to interexchange services;
- (10) with regard to providing telecommunications services on a local basis, the Applicant is granted a variance of 83 Ill. Admin. Code Section 735.180, the requirement to publish a directory, with the understanding that it will meet an obligation to list its customers in a directory by making arrangements with the incumbent local exchange carrier to list its customers in the directories published by that local exchange carrier;

- (11) pursuant to 83 Ill. Admin. Code Section 250, the Applicant should be allowed to keep its books and records at its principal place of business in Boulder, Colorado;
- (12) the grant of service authority to SCC Communications Corp. is conditioned upon compliance with all terms and conditions set forth in this order;
- (13) the Applicant should file with the Commission a tariff consisting of its rates, rules and regulations, in accordance with Sections 13-501 and 13-502 of the Act to be effective upon proper filing, before commencing service.

IT IS THEREFORE ORDERED that SCC Communications Corp. be, and is hereby, granted Certificates of Service Authority pursuant to Sections 13-403, 13-404 and 13-405 of the Act.

IT IS FURTHER ORDERED that Certificates of Service Authority hereinabove granted shall be the following:

CERTIFICATE OF INTEREXCHANGE SERVICE AUTHORITY

IT IS HEREBY CERTIFIED that SCC Communications Corp. is authorized pursuant to Section 13-403 of the Public Utilities Act to provide telecommunications services on a facilities-based, interexchange basis within the State of Illinois.

CERTIFICATE OF SERVICE AUTHORITY

IT IS FURTHER ORDERED that SCC Communications Corp. is required to file with this Commission a tariff consisting of its rates, rules and regulations, to be effective upon proper filing, before commencing service.

IT IS FURTHER ORDERED that the SCC Communications Corp. is granted its request for a waiver of 83 Ill. Admin. Code Section 710, regarding the Uniform System of Accounts, as is set forth in Finding (5) above.

IT IS FURTHER ORDERED that SCC Communications Corp. is granted its request for a waiver of 83 Ill. Admin. Code Section 735, as is set forth in Finding (6) above.

IT IS FURTHER ORDERED that SCC Communications Corp. is granted a variance of 83 Ill. Admin. Code Section 735.180, as is set forth in Finding (7) above.

IT IS FURTHER ORDERED that SCC Communications Corp. is granted a waiver of 83 Ill. Admin. Code Section 250, in order to keep its books and records at its principal place of business in Boulder, Colorado.

IT IS FURTHER ORDERED that the rules and statutes deemed inapplicable in finding (6) herein are found to be so only with the understanding that, should the Applicant decide to offer voice services, it will petition the Commission for authority to do so and will abide by and comply with all statutes, rules and regulations regarding the provision of such services, including, but not limited to, those enumerated in finding (6) herein;

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Admin. Code Section 200.880, this Order is final; it is not subject to the Administrative Review Law.

RE: Docket No. 34570 – *Application of Intrado, Inc. for An Amendment to its Service Provider Certificate of Operating Authority*

NOTICE OF APPROVAL

This Notice approves the application of Intrado, Inc. (the Applicant) filed on July 27, 2007, for an amendment to its service provider certificate of operating authority (SPCOA) No. 60317 to reflect a change in the type of provider from data-only to facilities-based, data, and resale throughout the entire State of Texas. The docket was processed in accordance with applicable statutes and Commission rules. The Commission provided notice of the application to interested parties. More than 15 days have passed since the completion of notice. No protests or requests for hearing were filed. AT&T Texas (AT&T) intervened in this docket, but on August 31, 2007, filed a statement of position indicating it did not oppose the application. The Applicant, AT&T and the Commission Staff (Staff) are the parties to the proceeding. Staff recommended approval of the application, as amended. The application, as amended, is approved.

Ordering Paragraphs

1. The application, as amended, of Intrado, Inc. to amend its data-only telecommunications service provider certificate of operating authority (SPCOA) is approved.² Intrado, Inc.'s SPCOA No. 60317 is amended to reflect a change in the type of provide to facilities-based, data, and resale throughout the entire State of Texas.
2. The Applicant shall be bound by requirements of P.U.C. SUBST. R. 26.111. Service under this certificate shall be provided exclusively in the name under which the certificate was granted by the Commission.

² Administrative approval of this uncontested application has no precedential value in a future proceeding.

3. The Applicant shall file any future changes in address, contact representative, and/or telephone numbers in an annual report with the Commission by June 30th of each year in Project No. 27357, *Annual Information Reporting Requirements for a Service Provider Certificate of Operating Authority (SPCOA) or a Certificate of Operating Authority (COA)*. If the SPCOA holder has any change during the year in the information requested in Section One of the annual report form, then the SPCOA holder shall file an updated form correcting the information in Section One within 30 days of the change.
4. The Applicant shall provide a copy of its application and/or the Commission's Notice of Approval, in accordance with the individual entity's requirements, to all affected Commission on State Emergency Communications (9-1-1) entities prior to providing service to those entities.
5. The Applicant's provision of local telephone service to end-users, whether by its own facilities, flat-rate resale, or usage sensitive loop, must also include "9-1-1" emergency telephone service at a level required by the applicable regional plan followed by local telephone service providers under Chapters 771 and 772 of the Texas Health and Safety Code, TEX. HEALTH & SAFETY CODE ANN. §§ 771.001 *et seq.* (Vernon 2003) (the Code) or other applicable law, and any applicable rules and regulations implementing those chapters. The Applicant shall diligently work with the Commission on State Emergency Communications, local "9-1-1" entities, and any other agencies or entities authorized by Chapters 771 and 772 of the Code to ensure that all "9-1-1" emergency services, whether provided through the certificate holder's own facilities, flat-rate resale, or usage sensitive loop, are provided in a manner consistent with the applicable regional plan followed by local telephone service providers under Chapters 771 or 772 of the Code or other applicable law and any applicable rules and regulations implementing those chapters.

The Applicant shall diligently work with the "9-1-1" entities to pursue, in good faith, the mutually agreed goal that the local "9-1-1" entities and emergency service providers experience no increase in their current level of rates and, to the extent technically feasible, no degradation in services as a result of the certification granted herein and the involvement of the certificate holder in the provision of "9-1-1" emergency service.

6. The Applicant shall notify all affected 9-1-1 administrative entities at least 30 days prior to activating or using a new NXX in a rate center or upon the commencement of providing local telephone service in any rate center in compliance with P.U.C. SUBST. R. 26.433(d)(3).
7. The Applicant shall execute a separate service agreement with each 9-1-1 entity and remit the required 9-1-1 emergency service fee to the 9-1-1 entity pursuant to such agreement in compliance with P.U.C. SUBST. R. 26.435(c)(4).
8. The Applicant has committed to and is bound by the quality of service requirements set forth in the Quality of Service Questionnaire. The underlying incumbent local exchange companies (ILECs) continue to be bound by the quality of service requirements contained in P.U.C. SUBST. R. 26.51. Approval of the SPCOA application does not expand the scope of the underlying ILEC's obligation to its own customers.

9. All other motions, requests for entry of specific findings of fact and conclusions of law, and any other requests for general or specific relief, if not expressly granted herein, are hereby denied.

SIGNED AT AUSTIN, TEXAS the 10th day of September 2007.
